The Advantage Chair and Stand

Exceptional value
The Advantage Chair and Stand

The Reichert Advantage Chair and Stand is one of the most competitively priced chair and stand systems available, yet it does not compromise on modern ergonomic design, contemporary styling, or the use of durable mechanical components.

**Other features:**
- Chair elevation can be controlled with the footswitch, from the stand control console, or from the lower instrument arm
- Full 360 degree rotation – 270 degrees at lowest position, foot operated locking levers
- Full stainless steel kick plate for added durability
- Virtually silent hydraulic elevation system for smooth effortles chair elevation
- Deluxe, easy to clean upholstery to complement any practice color scheme
- Right or left handed installation increases chair and stand flexibility

The Advantage Stand provides a stable and durable platform for effective lane organization, and when used with the Advantage Chair, its modern ergonomic design assures easy access to both your patient and your instruments without compromising floor space.

**The Advantage Stand**
- The Advantage Stand comes fully equipped with an overhead lamp, fully counterbalanced refractor arm, and a lower instrument arm, which incorporates a vertical motion lock system for simple one-handed instrument positioning.
- Additionally, the Advantage Stand includes an easy to use, multi-function control console which ensures efficient control of all your lane operations
  - Chair elevation control
  - Overhead lamp power and intensity
  - Corded (BIO) instrument power and voltage selector
  - Advantage Stand power, including control of lower instrument arm and projector
  - Three rechargeable instrument wells with charge indicators

The Advantage Chair and Stand will provide your patients with a higher level of comfort and years of dependable service.
